Purpose of the Post
To manage high quality support for the primary administrative software platform (Banner) and associated systems that underpin the core activities of the Student Administration Team in supporting the student journey from enrolment to graduation. To act as a project resource in the upgrade of the Banner platform (currently underway) and all subsequent change projects involving Banner and/or its associated systems utilised in the support of the student journey. To lead continuous improvement in the development of student systems and associated processes.

Key Tasks
- To represent and deputise for the Director of Student Administration as the Senior Responsible owner of the Banner Student Records System platform and its associated datasets and tools.
- To develop and maintain expert knowledge in the Banner Student Record System, associated reporting tools and systems and the services delivered utilising the platform.
- To oversee a comprehensive service supporting queries and problems associated with the operational use of the Banner platform aligned to the IT Service Desk.
- To oversee the development, documentation testing and implementation of operational changes within the Banner platform (such as changes to user defined fields, business rules etc).
- To plan and oversee the management of test environments and user acceptance testing in the context of business or technical changes to the Banner platform.
- Work with key users to advise on, or where appropriate design, review and modify Banner processes that end-users undertake in their everyday work.
- To support colleagues in the development of reports and analytics utilising Banner data.
- To manage work requests and small enhancements relating to Banner (and its associated tools) within the agreed system of IT governance and approval including:
  - Requirements gathering
  - Solution design
  - Implementation Planning
  - Testing
  - Supporting Documentation
- To act as a key resource on projects specific to or linked with the Banner platform including upgrades and all major changes.

- To develop, manage and operate an annual cycle of continuous data validation and exception reporting to ensure the integrity of data and the student records system.

- To develop, coordinate and oversee a continual cycle of training associated with the Banner platform and related systems, ensuring that all users know how to conduct processes in a consistent manner in accordance with established College practice.

**Other Duties**

- To support departmental/College-wide events including (but not limited to) start of session, open days, clearing, applicant visit days, graduation etc. This may involve occasional working at the weekends or evenings.

- The duties listed are not exhaustive and may be varied from time to time as dictated by the changing needs of the College. The post holder will be expected to undertake other duties as appropriate and as requested by his/her manager.

- The post holder may be required to work at any of the locations at which the business of Royal Holloway is conducted.

**Internal & External Relationships**

The following list is not exhaustive but the post holder will be required to liaise with:

- Academics and Professional Services staff within own School/Department
- Colleagues within other Academic Schools/Departments
- Colleagues within the Academic Services Directorate
- Students
- External networks/professional bodies where required
