JOB DESCRIPTION

Job Title: Research Fellow

Department / Unit: Computer Science

Job type: Academic/Research

Grade: 7

Accountable to: Professor José Fiadeiro

Purpose of the Post

Develop research in the area of formal methods for bigraphs.

Key Tasks

- Conduct independent research in liaison with Professor Fiadeiro, but the post holder should be able to take full responsibility for the design and execution of studies.
- Act as principal author in the write-up of final reports and publications arising from the research.
- Prepare bids for external funding of research, ideally as the lead applicant or a project-leading co-applicant if the regulations of the funding body require the application to be in liaison with another member of academic staff.
- Supervision of staff where necessary for the completion of research
- Supervision of PG and/or UG students in research setting as agreed with the Head of Department.
- Presenting work at conferences or for wider audiences as part of the impact agenda.
- Assisting in arranging project meetings and workshops for the project.
- Contribution to research and administrative committees as requested by the Head of Department.
- Any other duties as required by the line manager or Head of Department that are commensurate with the grade.

Other Duties
The duties listed are not exhaustive and may be varied from time to time as dictated by the changing needs of the College. The post holder will be expected to undertake other duties as appropriate and as requested by his/her manager.

The post holder may be required to work at any of the locations at which the business of Royal Holloway is conducted.
