Purpose of the Post

This post sits within the Health and Safety Office, which provides comprehensive advice and assistance across the broad subject of occupational health and safety, including fire safety and statutory compliance.

The role holder will advise, assist and support their assigned areas in implementing the measures necessary to comply with health and safety legislation and College Health and Safety Policies and Procedures. They will work proactively with all areas to establish and maintain safe systems of work and a safe environment for staff, students, contractors and visitors.

In particular the role holder will act as the team subject matter expert for risk, including risk assessment and travel risk.

Key Tasks

- 1. Provide input to the strategy for health and safety, including the development of the Strategic Plan and setting of other performance standards.
- 2. Develop policy sections on health and safety topics as required by the Director of Health, Safety, and Business Continuity. Particularly on Risk Assessment and Fieldwork and Travel.
- 3. Lead as the Business Partner for those Schools and Professional Services Departments allocated, including Estates. Provide information, advice, and guidance to Management and Health and Safety Requirements on the requirements of health and safety legislation, Health and Safety Executive guidance, best practice, or other recognised standards.
- 4. Provide advice and assistance to assigned areas in the risk assessment process, including undertaking complex or technical risk assessment as required. This will include both general risk assessment and more specialist assessments such as: COSHH, DSE, and manual handling.
- 5. Mentor and coach the Health and Safety Coordinators within their assigned areas.
- 6. Assist Management and Health and Safety Coordinators in assigned areas with accident and incident investigation as required.
- 7. Provide expert advice to member of the Health and Safety Office, and members of the College as required, on the risk assessment process. This includes assisting the Health and Safety Officer (Training) in the design, development, and delivery of training covering this area.

- 8. Manage the Health and Safety Risk Register on behalf of the Director of Health, Safety, and Business Continuity.
- 9. Provide advice and guidance on travel risk assessment for high and very high risk travel as required.
- 10. As may be necessary, assist in emergency response or business continuity arrangements out of normal working hours, wither by the provision of advice or through attending in person.

Other Duties

The duties listed are not exhaustive and may be varied from time to time as dictated by the changing needs of the College. The post holder will be expected to undertake other duties as appropriate and as requested by his/her manager.

The post holder may be required to work at any of the locations at which the business of Royal Holloway is conducted.

Internal and external relationships

The following list is not exhaustive but the post holder will be required to liaise with:

• Health and Safety professionals within other HEI and wider industry to share best practice.
